

ITIL® Specialist: Drive Stakeholder Value (DSV)

Duration: 3 Days

Method: Instructor-Led Training (ILT) | Live Online Training

Certification: *ITIL 4 Specialist: DSV and/or ITIL 4 Managing Professional*

NOTE: To achieve the ITIL 4 Managing Professional certification, candidates must **pass all of the 4** Specialist and Strategist exams.

Course Description

This course covers all types of engagement and interaction between a service provider and their customers, users, suppliers and partners. It focuses on the conversion of demand into value via IT-enabled services. The course covers key topics like Service Level-Agreement (SLA) design, multi-supplier management, relationship management, customer and user experience (CX and UX) design, customer journey mapping, and more. It will provide participants with the tools necessary to increase stakeholder satisfaction which is integral to business success in the current competitive landscape. The course is based on the ITIL v4 best practices featured in the latest 2019 guidelines.
