

55299: SharePoint® 2019 Site Owner

Duration: 2 Days

Method: Instructor-Led Training (ILT) | Live Online Training

Course Description

This course is designed to teach participants an overview of the roles and responsibilities of a SharePoint Site Owner. They will learn how to add and configure sites and subsites, create, and configure libraries and lists, create, and customize columns, as well as create and manage content types. Participants will also learn the basics of permissions and how to manage the various permission levels, create and modify site pages, and work with web parts and app parts.

Target Audience

This course is intended for:

- Site owners/managers new to working in a SharePoint 2019 environment.

Prerequisites

To attend this course, candidates must have completed one of the following courses or have the required knowledge and skills:

- 55293: *SharePoint End-User 2019*
